

After COVID-19, where will you be?
Where do you always want to go?

What will you do?
What is the most exciting thing to do?

How do you prepare for that?

What can you do now?

WHERE

Hi!

My name is Yuko Weiner.

Currently I am practicing social distancing in Brooklyn.

It's been a month since I started. And they extended the lockdown, not only in US, but many other countries, too. Phew, when does this end?
Now I know that this world will not go back to the "normal" as this is a new normal.

What do you think?

Can you see what it looks like after this?

News are depressing and stressful and there's siren every ten minutes.
We cannot always be positive. We have to take it easy and shut down sometimes.
But not knowing is also stressful!

So, why don't we decide by ourselves?

Let's think something fun until we feel actually fun!

You know, there're several versions of worlds.

So, let's choose what we want. Because this is our life!

This zine needs you to complete. It's a blank note.
Everything is gonna be all right. Enjoy your life on Earth!

LOVE,
Yuko Weiner
